MRS. ROY LYNCH HURT IN AUTOMOBILE CRASH

An accident which is charged by traffic officers to the careless driving of Carl Shaffer, driving a truck for the Santa Rosa Oil and Burner Company, resulted in the injury of Mrs. Roy Lynch, of this city, and the 19-months-old daughter of Mrs. Wanda Straube, nee Lynch, also a Ukiah girl.

The accident happened near Healdsburg Tuesday afternoon, and occurred, it is said, when Shaffer attempted to pass a Ford roadster driven by Mr. Lynch. As Schaffer drew up to pass the Ford, Earl Covey of Petaluma approached. Schaffer saw that he was not to have room enough to pass and drew off to one side. Covey had already turned off the highway. Schaffer crowded Lynch, struck the wheel of the Ford, and as a result Lynch lost control of the machine. The Ford shot across the highway into Covey's machine. A wheel was broken on the Ford and a fender broken on Covey's machine.

Mrs. Lynch, the baby and Mrs. Straube were thrown onto the highway. Mrs. Lynch and the baby were injured, the latter not seriously but the former sustaining a cut on the scalp and internal injuries.

L. B. McGuire, passing at just that time, picked up the injured and took them to the Grant ranch, near by, where Dr. Sohler of Healdsburg was summoned.

The party was en route to Ukiah from Vallejo for a visit and contiued their journey, arriving here yesterday.

They are visiting at the Will Hagans home.

JUDGE PRESTON DECIDES SONOMA CO. LAW SUIT

SANTA ROSA, March 2.—Judgment in the sum of $4702.69 was given the Daniel O'Day Company, a corporation, from the county of Sonoma, yesterday afternoon by Superior Judge H. L. Preston, of Mendocino County, sitting for Judge R. L. Thompson, for claims for road work done for the county and which had been approved by the board of supervisors but denied by the county auditor.

The suit is the outgrowth of the work done on the Occidental to Freestone road and which was ordered done by former Supervisor Oscar Charles and former County Engineer Lloyd Aldrich. The issue of the case involved the right of a single supervisor and the engineer to order work done without the consent of the board. The court held that the county engineer represented the county and that as the county had received the benefit of the work that it should pay for it.

WILLITS NEWS OF PAST WEEK

WILLITS, March 1.—Friday night a mass meeting was held at the auditorium for the purpose of discussing ways and means of building our proposed new grammar school. Committees were appointed to get prices on various lots and the site that seems to meet with the greatest favor is the six-acre tract now used for our baseball grounds. Supt. Roy Good was here and he stated that six acres was now considered the proper amount of land for a school of the size of Willits. A movement is also on foot to include all of the country schools in this valley in the Willits grammar school district and the country children will be taken to and from school in auto busses.

The building will be built of reinforced concrete and have an abundance of glass windows. The building will be erected on what is now called the unit plan for this type can be enlarged at a small additional cost. The building will be a one-story structure and the estimated cost is about $40,000.00.

Another meeting will be held tonight to hear the reports of the various committees.

The largest real estate deal that has taken place here for several years will be closed this week. Fred Wagner has purchased the vacant corner opposite Hotel Willits from the Northwestern Redwood Co. The lot has a frontage of 110 feet on Main street and 125 feet on Commercial street. Mr. Wagner will erect a class-A reinforced concrete structure of two stories and will use all of the lower floor himself for another garage and he will use most of his present garage for a machine shop and repair work. Work on the new building will start within a few months and he hopes to have it ready for the heavy travel next summer.

The Odd Fellows have given the American Legion a plot in their cemetery and a movement is now on foot to erect a large monument in the center as a memorial to all of the boys who were in the World War. The money for the monument will be raised by public subscription.

Raymond E. Partlow, the Hotel Willits barber, died quite unexpectedly in San Francisco, February 26. About ten days previous he was stricken with pneumonia and the day before he died he was taken to a hospital in San Francisco.

The deceased was born in Nebraska, October 6, 1896, and was brought to this state when he was an infant. He came to Willits last summer and was Fred Sharp's successor. He leaves a wife and a stepson.

Tom Qrnbaun came over from Boonville yesterday on a short business trip.

SPAWNING STATION TO BE ESTABLISHED AT BRANSCOMB

Practical assurances that an egg hatchery and collecting station will be established at Branscomb, in Jackson valley, Mendocino county, on the South Fork of Eel River this season, was given the Chamber of Commerce directors at their meeting by the Fish and Game Committee says the Humboldt Standard. This new hatchery, according to the plans made by the State Fish and Game Commission, would collect and propogate for the streams of Humboldt and Mendocino counties only, and not for the entire state. The letter received by Chairman C. Deane, of the local Fish and Game Commission, is as follows:

"In regard to establishing an egg collecting station on the South Fork of Eel River and if conditions are suitable to establish a hatchery.

"We selected a site near Branscomb last fall for an experimental station to determine whether the fish ascend the river that far up in sufficient numbers to justify us in building a station at that place. We ordered the material for the troughs, cabins, etc., and sent our crew to the site to start operations, but the heavy early fall rains in that section made the roads impassable and prevented the construction of the racks, traps, etc., so the material was stored and early this summer we expect to complete the work on the station so as to be ready for next season's run of fish.

TWO HUMAN SKELETONS UNEARTHED AT FT. BRAGG

FORT BRAGG, March 2.—The remains of a human skeleton have been unearthed on the trail which leads down to the footbridge from the Walter Ball home.

Indications are that the remains might be the result of an early day murder or suicide.

The remains of another body have been visible for some time on the bluff on the north side of the Noyo harbor, opposite the east end of the electric crane in the Irvine & Muir lumber yard.

The bones in this case are free from all flesh and are sound.

Both cases have been reported to the coroner.

MRS. CAVALLI IS FIGHTING HUSBAND IN DIVORCE SUIT

(Santa Rosa Press-Democrat)

Mrs. Mary Cavalli, formerly of Santa Rosa, but more lately of Fort Bragg and Ukiah, has filed in the superior court of Sonoma county an answer and cross complaint to the divorce action of her husband, Louis Cavalli.

Mrs. Cavalli was recently arrested in Ukiah on a charge of bigamy, having married another man in that county. She offered the defense that she understood when she married again that the filing of a divorce action constituted divorce, so that she was allowed her freedom and the charge dismissed.

In her cross complaint and answer, placed on record here yesterday, Mrs. Cavalli denies all of the allegations made by her husband, and sets up allegations of cruelty and desertion as reasons for the granting of the divorce decree to her and not to the husband. She also asks custody of one minor child, Isabella Cavalli.

EPIDEMIC OF MUMPS DEMORALIZES SCHOOL

The Ukiah grammar school opened again last Monday, following a week's vacation on account of the prevalence of colds among the students, which cut the attendance nearly a third. Wednesday Principal Patton dismissed the eighth grade on account of an epidemic of mumps, which reduced the attendance in that grade over half. Their enforced vacation, which may last a couple of weeks, will be made up by extra time at the end of the term.

The other grades are suffering also to a greater or less extent and the average daily attendance, on which the state apportionment is based, will be low for the year, which will mean a decreased amount of money for the schools.

GETS CASE BEFORE COURT ON 4TH ATTEMPT

Attorney Liburn Gibson last Friday drew his first blood in the legal duel that has been going on for several months between himself and Attorney M. H. Iversen over the case of the Maddox Truck Co. vs. Vann and Spotswood. Gibson himself has been pinked on several occasions since the case started.

The controversy arose over a threshing machine fire which occurred in Potter valley last fall. The fire spread to the Maddox camp and destroyed several hundred dollars worth of property at the camp. Maddox alleged negligence on the part of Vann and Spotswood, who were operating the thresher, and sued for damages. Gibson filed a complaint and it was thrown out when Iversen filed a demurrer claiming that the complaint did not allege facts sufficient to constitute a cause of action. Gibson filed a second complaint, which was thrown out on the same grounds. He tried a third and was again thrown out.

Judge Preston has ruled that the fourth complaint is sufficient and the case will now go to trial on its merits.

CLOVERDALE, March 1.—The Cloverdale shorthand class has turned into a matrimonial bureau, and Ukiah is the Gretna Green.

The class began with ten bright pupils, but Miss Edna Cooley eloped to Ukiah with Kenneth Mathews leaving nine to mourn her absence. That incident started the fashion, for in January Miss Doreen Melville made it known that she was going to stay at home and learn to cook, and sew, and keep house, because she was going to Ukiah in June. And Saturday, February 26, Miss Irene Gibbins hopped on the train and went up to Ukiah, the fatal city, and was married to Clifton Van Winkle.

All of this uniting of hearts and hands gets our angoras. We are all wondering who will be the next from our class to go to Ukiah.

Signed: An Indignant Shorthand Class.

OUR PUBLIC SCHOOLS ARE NATION'S BULWARKS

John F. Murray, well known throughout California as a friend to children, has issued the second edition of his book on "Child Development and Conservation." The price of the book is $1.00. Every teacher, trustee, taxpayer and parent would be benefitted by reading this book.

Murray goes deeper into the fundamental causes for the ills of life than most writers. He says teaching is the mother of all professions, hence should be the leading profession. Teachers should receive larger salaries. Each rural school should be an active social center. Farm life should be made preferable to city life. School taxes and child poverty should be abolished. All this he asserts could be accomplished through a home-farm school system.

Continuing he says: "The public school is the greatest child developing institution the world has ever seen. It lays a guiding hand on the head of every child in the land and reaches with its influence into every home in the nation."

Child Conservation Sin's Elimination.

"There are 30,000,000 children of school age, this ever-increasing army is directed by nearly 1,000,000 trustees, 750,000 teachers, and tens of thousands of state, city and county superintendents. What a tremendous institution!"

"There are about 200,000 rural school districts. As the child daily needs the guidance of a woman who knows by experience and a man who has passed through the jungle of human desire, as much as vegetation needs the sunshine and rain, hence every school district should have a home-farm environment. A man and wife employed for life, every orphan child in the school district to live at the schoolhouse, not as charity, but a governmental asset beyond price. With no financial worries about sickness or old age, there well-equipped, parent-teachers could give all their attention to building up the district character through child development and conservation. With every school district thus organized the child question in every phase would be settled for the better."

Writing of Mr. Murray a contemporary says: "Most live persons in the West know John F. Murray. The son of a Pennsylvania coal miner, at thirteen years of age he was a farmer boy in Illinois; he became a journeyman printer, traveled, observed, thought; an editor, lawmaker, philosopher; has been a Superintendent of Schools, a Commissioner to investigate Indian schools, a government envoy to Europe to study their elementary schools. He has definite ideas how to improve our public school system."

BUSINESS INTERESTS

E. H. Shimmin, manager of the Irvine & Muir Lumber Company's Potter valley store, is spending a week in San Francisco, buying a large stock of spring and summer goods.

J. J. Thornton recently purchased a new tractor and gang plow, and is making an able demonstration of modern methods in farming on the large ranch owned by J. G. Newman.

R. E. Edwards is having a fine refrigerator counter put in his butcher shop. The counter contains an ice chest with a mirror front, and compartments with glass fronts for storage of cut meat. This improvement will enable this enterprising young business man to serve his many customers with fresh, well kept meat.

The Potter valley farmers are still sitting in the game and taking another chance at the age old gamble of farming. At this late date, they are taking advantage of their first opporunity to seed their lands, and trusting to nature and luck for the rest.

SOCIAL EVENTS

Mrs. Chas. Whittaker entertained twelve little girls at a charming party at her attractive home on the east side of the valley Saturday afternoon to celebrate the eighth birthday of her little niece, Marion Jones. Mrs. W. E. Pitts assisted her in amusing the little guests with various interesting games, after which dainty and delicious refreshments were served. The young folks spent a very pleasant afternoon, and wished Miss Marion many happy returns of her natal day.

SCHOOL NEWS

The student body of the Potter valley high school, assisted by the grammar school teachers, will give a dance in the auditorium of the school building on Friday evening, March 4. The young folks are using every effort and energy to bring about the complete success of the affair and make the great day a memorable one, locally as well as nationally. The finest of music will be furnished by the Gibson & Church orchestra of Ukiah, and an excellent supper will be served. The public is cordially invited.

FRATERNAL AFFAIRS

The Potter Progress Club held its regular meeting on the fourth Saturday in February at the home of Mrs. Laura Lierly, with Mrs. J. E. Thornton ably presiding. Other officers present were Mrs. W. T. Eddie, secretary and Mrs. F. D. Hughes, treasurer. After the transaction of the usual routine of business, an interesting program arranged by the program committee of which Mrs. V. S. Thornton is chairman, was rendered. Members answered roll call by giving quotations from one of the presidents, Theodore Roosevelt proving the favorite. Miss Henrietta Woods read a very interesting and instructive paper on the subject of "Inaugurals," noting the changing customs as well as the conventions that have stood the test of time. Patriotic instrumental music was rendered by Mrs. E. A. Spotswood. The next regular meeting will be held at the home of Mrs. E. A. Spotswood while the April meeting will be distinguished by a wild flower show, celebrated as guest day, and held in one of the local halls.

CHURCH NOTES

The Bazaar held in the church hall last Friday evening was a decided success and the Ladies' Aid Society desires to thank all who so ably assisted in making it such. The booths were bowers of beauty and consisted of counters with a lattice super structure intertwined with almond blossoms. The booth where cake, cookies and chocolate was purveyed, was presided over by Mrs. Chas. Whittaker and Mrs. J. J. Dashiell. One of the most popular and profitable booths was that where the delicious homemade candies were sold by Mrs. George Shattuck and Mrs. Verda Van Dyke. Business was so brisk at the apron counter conducted by Mrs. W. T. Eddie and Mrs. Jas. Eddie, that the stock of goods was soon disposed of at a good price.

Two motion picture reels were shown, the first illustrating the manufacture of automobile parts in the large factories and the second showing scenes of service on the western front. Other interesting and highly appreciated numbers on the program were a vocal solo by little Marjorie Hardisty, dialog by Don Eddie and John Pollard, vocal duet by Misses Alice and Ethel Hardisty, and vocal solo by Miss Dorothy Carner, accompanied on the organ by Miss Melva Thornton. Many friends of the Hardisty family were greatly pleased that their little son, Delmar, who has long been under the care of doctors and surgeons, was able to be present.

The Sunday services were marked by an improvement in attendance, which improvement we trust with the return of good weather, will be made permanent.

The subject of the pastor's sermon next Sunday morning will be, "Membership in the Kingdom of God." In the evening will be given the first of a series of illustrated sermons continuing until Easter and depicting the life of Christ during the closing weeks of his life and up to the time of the ascension.

The pastor will preach at the morning service. Subject: "The Teaching of Jesus About God." In the evening at 7:30 o'clock: (1) "Our New President and His Cabinet." (2) "Dan Crawford, A Man Who Dared." The greatest missionary story of modern times.

KEEP THE KIDNEYS WELL

Health is Worth Saving and Some Ukiah People Know How to Save It.

Many people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Ukiah citizen's recommendation:

Mrs. P. S. Shields, 308 Clara Ave., says: "I can recommend Doan's Kidney Pills from experience. I have used them for attacks of kidney complaint when my back ached severely and made me miserable. I had frequent headaches and my kidneys didn't act right. Doan's Kidney Pills soon relieved the backaches and all other symptoms of kidney complaint."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shields had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Miss Gertrude Jamison Married Sunday

On Sunday, February 27, Miss Gertrude Jamison became the bride of Mr. Alfred Pioda of San Francisco at a quiet ceremony performed by Dr. J. E. Moore, of the M. E. Church, South, at the home of the bride's parents, Mr. and Mrs. G. E. Jamison, in this city. The impressive ring ceremony was used. The Jamison home was prettily decorated with spring blossoms and huckleberry foliage.

At evelen o'clock, to the strains of Lohengrin's wedding march, played by the bride's cousin, Miss Lurline Jamison, the bridal couple, attended by Miss Jimella Hughes and Jack Bond, of San Francisco, and with Miss Lorraine Pioda as ring bearer, took their places beneath a wedding bell of white carnations and smilax, where the ceremony was performed. The bride was beautiful in a gown of light gray lace and carhmeuse, and carried a large bouquet of pink roses. Miss Hughes wore a very becoming costume of gray Canton crepe and Miss Pioda a dainty gown of pale pink georgette crepe. Following the ceremony an elaborate wedding breakfast was served at the home of Mr. and Mrs. J. A. Jamison. The guests were seated at three large round tables, decorated with centerpieces of yellow jonquils. Crystal candlesticks tied with large bows of yellow maline held yellow candles. The house was decorated with large baskets of fruit blossoms and foliage. An orchestra rendered music during the breakfast and Miss Lurline Jamison contributed several vocal selections, which were greatly appreciated.

The bride and groom were the recipients of many presents.

Mr. and Mrs. Pioda departed on the afternoon train for San Francisco, the bride being attired for the journey in a traveling suit of gray tricotine with hat and shoes to match.

The guests were Mr. and Mrs. W. M. Cox, Mr. and Mrs. F. M. Wilson, Mr. and Mrs. W. D. Bond, Mr. and Mrs. F. E. Howell, Mr. and Mrs. Myras Howell, Mr and Mrs. E. B. Gibson, Mr. and Mrs. P. A. Dr. Hoag Takes Bride

Ukiah friends of Dr. Carl Hoag, a former well known Ukiah boy, son of Mr. and Mrs. L. Hoag, of this city, were much interested in the announcement of his marriage, which took place in San Francisco last Friday. The doctor's many friends and acquaintances here will unite in extending heartiest good wishes and congratulations. Concerning the wedding, the San Francisco Examiner of last Friday says:

A pretty romance culminated yesterday in the marriage of Dr. Carl L. Hoag, San Francisco surgeon, and Miss Josephine Green of Santa Cruz at the parsonage of Dean Gresham of Grace Cathedral. They will soon be at home to their friends in a residence the doctor has prepared for his bride.

Mrs. Hoag was chief surgical nurse at Adler Sanitarium and at the University of California Hospital. The groom is a graduate of the University of California, a member of the Phi Kappa Alpha and Alpha Kappa Kappa fraternities and the Olympic and Commonwealth clubs, and is on the surgical staff of the University of California medical school.

Parent-Teachers' Association

On account of the school vacation, the parent-teachers' association will not meet until next Friday. The meeting will be in the primary building, as usual. All those who are interested in school affairs are urged to attend whether they have children or not. In fact, those who haven't children have more time to devote to such matters and it is a splendid opportunity to help the busy mothers.

The association has succeeded in placing a piano in each building. The piano for the primary building has only recently been acquired at an expense of $210. The association paid $150 and Mr. J. Q. White generously contributed the remaining $60. The organization is deeply grateful for this donation. His gift is an inspiration and a great source of satisfaction to the teachers and parents who are working so earnestly to bring about average conditions for Ukiah school children. Money and efforts given to education, pay large dividends all out of proportion to the amount invested.

Film For Children at Victory

"Alice in Wonderland," Louis Carroll's famous classic, said to be the most beautiful film ever produced for children will be shown at the Victory theatre, Monday evening, March 14th at 7 o'clock. There will be one performance only. The film is being brought to Ukiah by the Parent-Teachers' organization and the combined women's clubs of this city and an effort is being made by the women to have every child enjoy this beautiful and remarkable film, declared by film reviewers, boards of education and parent-teachers' organizations to be the best film ever produced for children.

The picture, which cost $50,000 to produce, includes 100 entertainers and 50 scenes arranged by the New York pscyhologist, William W. Young. Little Viola Savoy takes the part of Alice, and the co-star with her is W. Rabbit, interpreted by the famous midget, Herbert Rice, whose bows and courtly manners win the affection of the audience. From the moment W. Rabbit and the venturesome little Alice disappear down the well to the awakening of Alice from her dream, they share their joys and sorrows with a delighted audience.

In Oakland alone more than 10,000 children saw this film. Long lines waited patiently from one performance to another. The film is the property of the Mills College Endowment Fund but is being brought to Ukiah by the women's organizations as a rare opportunity for the children of the community. Mrs. R. L. Richards is sponsoring the production in Ukiah and is being assisted by a committee composed of the presidents of the women's organizations with Mrs. F. E. Rea, chairman of the committee of arrangements.

A NEW ADMINISTRATION

A new administration takes charge of governmental affairs today, and all true Americans will wish it success. President Harding assumes control of affairs under pleasing auspices with the confidence of the people, having been elected by a majority of over 7,000,000 votes last November. He will have a lot of hard problems to face and it is up to him and his party to make good. He has an overwhelming majority in both houses of congress and should have no trouble in controlling things.

* * * * * *

He has named a cabinet that should "play ball" with him from the outset. Charles E. Hughes, as secretary of state, and Herbert Hoover, as secretary of commerce, at once lend confidence to the administration and promise big things. The President should have the support of all parties in his efforts to settle European matters upon a peace basis. It is hoped that the Democrats in congress will not resort to the small petty "politics" that the Republicans did during the last two years in order to gain a "party" advantage. The Democrats should support the administration in all things in which it is right, and not crticise just for the sake of criticising. We have already had too much "politics" and it is now time to have a little bit of common sense and broad Americanism scattered throughout the land. Let every Democrat vote for all good bills and against all bad ones and thus aid in that way.

* * * * * *

The Republican party will have a free rein to do as it pleases. The day of criticism with it is passed and it must now assume the responsibility of doing something to rehabilitate the country. It must adopt a policy of construction and meet the issues that confront the nation. The burden has been taken from the back of the little Democratic donkey and placed on the back of the big, logy elephant.

* * * * * *

We all thought last November, after the election was over, that the Republicans had won. From the chatter in the various Republican factional papers, it is hard to tell just who won. All that we know is that the Democratic party got a terrible beating; beaten to a frazzle. As to just who won, President Harding will let it be known by his actions. Of course the progressives claim they won; the standpatters claim they won; the reds claim they won; the pro-Germans claim they won; they all read the platform their way and voted for Harding accordingly. There will be disappointed ones and some may wish to embarrass the administration, but it is our hope that the Democrats will make no alignment with the elements of discontent. They should refuse to imitate the Republican tactics of the last few years, but adopt a patriotic stand that is right. Now is the time for scientific, constructive legislation. The nation needs the help and support of all just now.

* * * * * *

The trend of recent events shows that this country cannot be prosperous and remain in a state of isolation. In order to secure progress and prosperity and a market for our products we must be on friendly terms with the big nations of the world. Those that advocated a policy during the last campaign that this nation should isolate itself now see the error; we must have the trade of the big nations and this cannot be gained in a spirit of warfare; it must be gained by decent, friedly terms. We are tired, war tired and weary; civilization seems on its last legs. "Let us have peace." The country is tired of "probing," "flaying," "rapping" and "roasting." Let us try to find some one some where that we can say a kind word for; stop this fighting business and try acts of kindness for awhile and see how that works. It may be that we can once more arrive at a decent way of living. Let us try it.

TWO CHANGES SHOULD BE MADE

President Harding was elected November 2, over four months ago, and is just now being inducted into office. In olden times when mail service and everything else were slow it took about four months to get the authentic returns and settle the election. We are now in a different age—telegraph, telephone, automobile and flying machine and can know the result of contests quickly. The President should be inaugurated on the first day of January following the election.

* * * * * *

The congress that was elected last November will not convene until December, 1921, (unless called in extra session.) This should be changed so that the congress elected in November should be convened in December immediately following the election and should be well under way by the first of January, the time at which the President should be inaugurated. We should be up to date so that the desires of the people at the election could be carried out at once without having to wait 13 months. Such a measure has been introduced in congress and we hope that it will be adopted at once without a dissenting vote.

When You Boost For Your Town And County, You Are Boosting For Yourself. Individual Prosperity Is Wrapped Up In Community Prosperity. Cities Are Built, They Do Not Just Happen.

In the State of California there are two hundred and forty Chambers of Commerce; and these organizations spend more than a million dollars each year for advertising and promotion purposes. If it did not pay,—they would not do it.

If we are to keep pace with the times and if we expect to get our share of progress and prosperity, we must join forces, plan intelligently and work together harmoniously. The essence of success is distilled from co-operative effort.
